## WHAT'S NEW

**New Design:** Form 763 has been redesigned for 2010. This redesign makes the form easier for taxpayers to complete and for the Department to process. The Schedule NPY has been eliminated and there is a new Schedule ADJ for Nonresident filers. The Schedule 763 ADJ is used to report additions, subtractions, deductions, the low income credit, adjustments and contributions.

### **Advancement of Virginia's Fixed Date Conformity with the Internal Revenue Code:**

Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from December 31, 2008, to January 22, 2010. The 30% and 50% bonus depreciation allowance for certain assets under the IRC and the 5-year net operating loss (NOL) carry back allowed for net operating losses generated in taxable year 2008 or 2009 are still not allowed. Additional fixed date conformity adjustments may be required for Cancellation of Debt Income under IRC §108(i), and the domestic production deductions under IRC §199. At the time these instructions went to print, the only required adjustments for "fixed date conformity" were those mentioned above. However, if federal legislation is enacted that results in changes to the Internal Revenue Code for the 2010 taxable year, taxpayers may be required to make adjustments to their Virginia returns that are not described in the instruction booklet. Information about any such adjustments will be posted on the Department's website at [www.tax.virginia.gov](http://www.tax.virginia.gov).

### **Major Business Facility Job Tax Credit:**

Beginning in January 2010, the number of qualified full-time jobs needed to qualify for the Major Business Facility Job Tax Credit is reduced from 100 to 50. The number of qualified full-time jobs needed to qualify for the Major Business Facility Job Tax Credit in economically distressed areas or enterprise zones is reduced from 50 to 25. The credit may still be claimed

over two years instead of three through December 31, 2012, and is only applicable for qualified full-time employees hired on or after January 1, 2010.

**Land Preservation Tax Credit:** The amount of Land Preservation Credits that may be claimed on income tax returns has been reduced from \$100,000 per taxpayer to \$50,000 per taxpayer effective for credits claimed for taxable years beginning on and after January 1, 2009, but before January 1, 2012. The carryover period has been extended for two or three years, depending on the taxable year of the limitation. This reduction in the amount of credit that can be claimed on the return does not reduce the amount of credit that may be earned or held by the taxpayer.

**Community of Opportunity Tax Credit :** Beginning with the 2010 taxable year, individual and corporate landlords who participate in a housing choice voucher program are allowed a credit equal to 10% of the fair market value of the rent for each qualified housing unit.

**Green Jobs Creation Credit:** Beginning with the 2010 taxable year, certain corporate and individual employers are allowed an income tax credit for certain new "green jobs" that are created in Virginia by the taxpayer.

### **Capital Gains Exemption for Technology**

**Businesses:** Beginning with taxable year 2011, taxpayers may subtract capital gains income related to certain investments made beginning in 2010. For further information, go to <http://www.technology.virginia.gov/CapitalGains/> or call Cameron Kilberg, Assistant Secretary of Technology and Senior Policy Advisor at (804) 786-0226.

## GENERAL INFORMATION

---

### ESTIMATED INCOME TAX FILING

If you did not have enough income tax withheld, you may need to pay estimated income tax. Generally, you are required to make payments of estimated income tax if your estimated Virginia tax liability exceeds your Virginia withholding and other tax credits by more than \$150.

**To make estimated tax payments, File Form 760ES or visit our website: [www.tax.virginia.gov](http://www.tax.virginia.gov).**

If you owe a large amount of tax, you may need to increase the amount of tax withheld or make estimated tax payments during the year.

**You may be penalized if you underpaid your estimated tax or did not have enough tax withheld.**

---

### CIVIL AND CRIMINAL PENALTIES

The civil penalty for filing a false or fraudulent return or for failing or refusing to file any return with intent to evade the tax, is an additional penalty of 100% of the correct tax.

Any individual who willfully fails or refuses to file a return, at the time or times required by law, shall be guilty of a Class 1 misdemeanor. In addition, an individual who makes any false statements on a return, with intent to defraud the Commonwealth, shall be guilty of a Class 6 felony.

---

### AMENDED RETURN FILING

#### When to File

If you file an amended federal return reflecting a change in your taxable income or any other amount that would affect the Virginia return, you must file an amended Virginia tax return within one year. In addition, if you file an amended return with any other state that results in a change that would affect your Virginia income tax, you must file an amended Virginia tax return within one year. If the change reduces the tax, the Department of Taxation by law may issue a refund only if the amended return is filed within:

- three years from the due date of the original return, including valid filing extensions;
- one year from the final determination of the amended federal return or federal change, whichever is later, provided that the allowable refund is not more than the decrease in Virginia tax attributable to the federal change or correction;
- one year from the final determination of the amended return of any other state or change or correction in the income tax of the taxpayer for any other state, provided that the refund does not exceed the amount of the decrease in Virginia tax attributable to such change or correction;
- two years from the filing of an amended Virginia return resulting in the payment of additional tax, provided that the current amended return raises issues relating solely to the prior amended return and that the refund does not exceed the amount of the tax payment made as a result of the prior amended return; or
- two years from the payment of an assessment, provided the amended return raises issues relating only to the prior assessment and the refund does not exceed the amount of tax paid on the prior assessment.

#### Form 763

To amend Form 763, complete a new Form 763 (for the tax year you are amending) using the corrected figures, as if it were the original return. Check the amended box located in the check applicable

boxes section. Do not make any adjustments to the amended return to show that you received a refund or paid a balance due as a result of the original return.

### Required Attachments

If you filed an amended federal return, attach a copy of your federal Form 1040X or other claim form and supporting material to your amended Virginia return to substantiate the amendment. In addition, a copy of the final determination made by the Internal Revenue Service should be included to verify acceptance of the amended federal return. If amending your Virginia return for other reasons, attach a statement to explain why you are amending your return. Show any computations necessary to verify the adjustments you are making. Staple your check or money order to the bottom left corner of your return if you owe a balance due. Also, staple to your return any additional Forms W-2, 1099 or VK-1 if claiming more income tax withheld than what was claimed on your original return.

### Federal Adjustments

If your federal income tax return was adjusted by the Internal Revenue Service during the taxable year, an amended Virginia return must be filed with a copy of the federal adjustments attached within one year after the final determination of such federal change, correction or renegotiation. See “When to File” earlier in this section for additional information.

### Net Operating Losses

Although there is no express statutory provision for a separate Virginia net operating loss available for carryback or carryover, the amount of federal net operating loss is the starting point in computing the amount of deduction to be allowed on the Virginia return. Check the amended return box located on the front of Form 763, indicating that this is an amended return. Also, check the box indicating the return is the result of a net operating loss (NOL) carryback. General instructions for computing the NOL can be obtained from the website at <http://www.policylibrary.tax.virginia.gov/OTP/policy.nsf>. Select 23VAC10-110-80 and 23VAC10-110-81 located in Chapter 110, Individual Income Tax, Virginia Tax Administrative Code. Be sure to attach a complete copy of your federal amended return, if applicable.

---

### DECEASED TAXPAYERS

If taxpayer(s) died during the year, check the appropriate box in the Name section on Page 1 of Form 763.

Single filers: You must list the filer’s name and Social Security Number and fill in the box for Primary Taxpayer Deceased. Include a copy of the federal Form 1310 and/or the appropriate court appointment papers.

Joint filers: If one filer is deceased, the names and Social Security Numbers of both filers must be listed. Fill in the box to indicate the deceased filer. Use the Primary Taxpayer Deceased box if the filer in the Your name and Social Security Number fields is deceased. Use the Spouse Deceased box if the filer in the Spouse name and Social Security Number fields is deceased.

If completing a return for joint filers with both filers deceased, the names and Social Security Numbers of both filers must be listed. Fill in both deceased boxes. Include a copy of the federal Form 1310 and/or the appropriate court appointment papers.

---

### RECORD KEEPING

Keep your tax records for at least three years from the due date of the return or the date the return was filed, whichever is later. If the Internal Revenue Service requires you to keep your federal

records for a longer period of time, keep your state records for the same period of time.

---

## FILING REQUIREMENTS

---

### Filing Threshold

Filing requirements are based on your residency status and the amount of your income. Dependents and students are subject to the same filing requirements as anyone else.

- Nonresidents of Virginia with income at or above the filing threshold must file if any of their income is from Virginia sources.
- Residents of Virginia with income at or above the minimum filing threshold must file.

For information on Virginia residency requirements, please read the next section, “Residency Status.”

If your Virginia Adjusted Gross Income (VAGI) is at or above the threshold amount shown in the following table, you are required to file. VAGI is the Adjusted Gross Income on your federal return plus any Virginia additions from Line 2, minus any Virginia subtractions from Line 8. Information on Virginia additions and subtractions is included in the instructions later in this book.

If your income is only from wages, salaries and interest from a savings or checking account, your VAGI is usually the same as the Federal Adjusted Gross Income shown on your federal return. Once you have computed your VAGI, check the chart below to see if you need to file a Virginia income tax return.

#### YOU DO NOT HAVE TO FILE IF YOU ARE:

|   |          |
|---|----------|
| Single and your VAGI is less than .....   | \$11,650 |
| Married filing a joint return (both must have Virginia Source Income) and your combined VAGI is less than ..... | \$23,300 |
| Married, spouse has no income from any source and your VAGI is less than .....                                  | \$11,650 |
| Married filing separately (on separate forms) and your VAGI is less than .....                                  | \$11,650 |

**If you are not required to file, but you had Virginia income tax withheld or you made estimated payments, you are entitled to a refund of the amount withheld, or paid. You must file a return to get a refund.**

We periodically review and update our records to make sure that we have correct return information. Sometimes, we have to contact taxpayers to confirm that they did not need to file for a given year. As a result, even if you do not need to file a return for 2010, you may receive an inquiry at a later date to verify your VAGI.

## RESIDENCY STATUS

---

### Residents

**Every Virginia resident whose Virginia Adjusted Gross Income is at or above the minimum filing threshold must file.** Any “federal area” such as a military or naval reservation, federal agency or federal administration that is inside the geographical boundaries of Virginia is considered a location in Virginia and non active duty residents of those areas are subject to Virginia income tax just like residents of any other location in the state.

You may be required to file as a resident in two states if you are an actual resident of one state and a domiciliary resident of another state. (See definitions below.) If you are in this situation, you may be able to take a credit on the return filed in the state of your legal

domicile. Refer to the instructions for Schedule OSC on page 26 of these instructions for more information on the credit for tax paid to another state.

### Domiciliary Residents

Anyone who maintains a legal domicile (residence) in Virginia, whether living in or out of Virginia, is a domiciliary resident. This includes members of the U.S. armed forces who have Virginia as their home of record. Domiciliary residents have their permanent place of residence in Virginia. Any person who has not abandoned his or her legal domicile in Virginia and established legal domicile in another state remains a domiciliary resident of Virginia, even if residing in another jurisdiction for a number of years. In determining domicile, we consider many factors. Some of the more common indicators of domicile are: voter registration; motor vehicle and personal property registration; business pursuits; expressed intent; conduct; leaseholds and sites of real property owned.

### Actual Residents

Anyone, other than a member of the U.S. armed forces or the U.S. Congress, who maintains a place of abode (i.e., home) in Virginia for a total of more than 183 days of the taxable year while having legal domicile (residence) in another state or country is an actual resident of Virginia. This category often includes students who are domiciliary residents of another state while attending college in Virginia or the spouses\* and dependents of members of the U.S. armed forces stationed in Virginia. Although this residency classification does not apply to members of the U.S. Congress, it does apply to members of their families and staffs.

\*The spouse of a military servicemember may be exempt from Virginia individual income tax on income from services performed in Virginia if (i) the servicemember is present in Virginia in compliance with military orders; (ii) the spouse is in Virginia solely to be with the servicemember; and (iii) they both maintain domicile in another state that is the same for both spouses. For more information, see Tax Bulletin 09-10 and Tax Bulletin 10-1.

### Nonresidents

**Nonresidents of Virginia with Virginia Adjusted Gross Income at or above the filing threshold must file if any of their income is from Virginia sources.** Income from Virginia sources is income received from labor performed, business done, or property located in Virginia, including gains from sales, exchanges or other dispositions of real estate and intangible personal property having a situs in Virginia. Virginia source income includes income passed through from a partnership, S corporation or limited liability company that does business in Virginia. It also includes business income and proceeds from real estate transactions passed through by a Virginia trust. It generally does not include personal savings account interest or dividends from an individual’s stock market investments.

Those who maintain legal domicile in another state and live in Virginia less than 183 days of the taxable year (or do not live in Virginia at all) are nonresidents. Also, members of the U.S. armed forces who have another state as their home of record (legal domicile) are generally classified as nonresidents of Virginia, even though they may be stationed in Virginia for years.

### Exceptions for Certain Nonresidents

If you are a nonresident of Virginia who commutes daily to work in Virginia from **Kentucky** or the **District of Columbia**, you do not have to file if:

- You have no actual place of abode in Virginia at any time during the year;
- Salaries and wages are your only Virginia source income; and

- Your salaries and wages are subject to income taxation by Kentucky or the District of Columbia.

If you are a nonresident of Virginia who is a resident of **Maryland, Pennsylvania or West Virginia** and you earn salaries and wages in Virginia, you are exempt from filing a Virginia income tax return and paying Virginia income tax if:

- Your only income from sources in Virginia is from salaries and wages; and
- Your salaries and wages are subject to income taxation by Maryland, Pennsylvania or West Virginia.

If you are a domiciliary resident of Kentucky, Maryland, Pennsylvania, West Virginia or the District of Columbia and have income from Virginia sources other than wages and salaries, (such as business income or gain from the sale of a residence), you must file a Virginia Nonresident Individual Income Tax Return, Form 763, and pay tax on income not specifically exempted above.

### Part-Year Residents

You may be a part-year resident if your residency in Virginia began or ended during the taxable year. Residents who move into or out of Virginia during the taxable year and do not fall into either category below are generally considered full-year residents.

- Virginia residents who move out of Virginia during the taxable year *and* become domiciliary residents of another state are part-year residents, provided they do not move back to Virginia for at least six months.
- Those who move into Virginia during the taxable year and become either domiciliary or actual residents of Virginia are also considered part-year residents.

The distinction between full-year and part-year residents is important in deciding which form to file and what income is taxable in Virginia. To compute Virginia Adjusted Gross Income (VAGI) and determine if VAGI meets the minimum filing threshold, part-year residents who file Form 760PY are allowed a subtraction from federal adjusted gross income equal to the amount of income attributable to residence outside Virginia.

**If you are a part-year resident and you do not file the correct form, you will not compute the correct amount of tax. See the next section, “WHICH FORM TO FILE”.**

## WHICH FORM TO FILE

### Residents File Form 760

File Form 760 if you are a part-year resident and all of your income came from Virginia sources or was received while you were a Virginia resident. This will allow you to claim the full exemption and standard or itemized deduction instead of computing partial amounts as required for part-year residents filing Form 760PY.

### Part-Year Residents File Form 760PY

As a general rule, part-year residents file Form 760PY. If one spouse is a full-year resident and the other is a part-year resident, the couple may file together on Form 760PY. The part-year resident spouse will compute a prorated exemption amount. The full-year resident spouse will claim the full exemption amount.

If you are a part-year resident who received Virginia source income, as well as other income, during the portion of the year you lived in another state, you need to file two Virginia returns for the taxable year. File Form 760PY to report the income attributable to your period of Virginia residency. File Form 763, the nonresident return, to report the Virginia source income received as a nonresident.

### Nonresidents File Form 763

Generally, nonresidents with income from Virginia sources must file a Virginia return if their income is at or above the filing threshold. Nonresidents who earn salaries and wages in Virginia and pay tax on those salaries and wages to the District of Columbia, Kentucky, Maryland, Pennsylvania or West Virginia are not required to file if they meet the criteria described in the previous section under “Exceptions for Certain Nonresidents.” Residents of states other than those in “Exceptions for Certain Nonresidents” do not qualify for a filing exception.

Usually, when one spouse is a resident and the other spouse is a nonresident, each spouse whose income is at or above the filing threshold, must file separately. The resident must file on Form 760. The nonresident spouse must file Form 763. There are only two circumstances in which such a couple can file jointly on the same return. If both spouses have income and all of the nonresident’s income is Virginia source income, a joint resident return (Form 760 ) may be filed. Also, if the nonresident spouse has no income at all, a joint resident return may be filed.

### Members of the Armed Forces

Active duty pay for members of the armed forces is taxable only in the state of legal domicile, regardless of where stationed. You must file as a nonresident if you are in the military, domiciled in another state and have any other income that is from Virginia sources.

The spouse of a military servicemember may be exempt from Virginia individual income tax on income from services performed in Virginia if (i) the servicemember is present in Virginia in compliance with military orders; (ii) the spouse is in Virginia solely to be with the servicemember; and (iii) they both maintain domicile in another state that is the same for both spouses. For more information, see Tax Bulletin 09-10 and Tax Bulletin 10-1 available at [www.tax.virginia.gov](http://www.tax.virginia.gov).

Use Form 763 if you are in the military, domiciled in another state and have any other income that is from Virginia sources. Examples follow.

If a married couple lives in Virginia the entire year, but is domiciled in Alabama, and has nonmilitary income from Virginia sources that is attributable to both spouses, the spouse on active duty will file Form 763, using Filing Status 4. Generally, the state of domicile will allow credit for tax paid to Virginia on the earned income that is taxed in both states.

If the nonmilitary spouse’s domicile changed to Virginia during the year, Form 760PY will be filed, using Filing Status 3, to pay tax on income earned after becoming a Virginia resident.

### Unified Nonresident Filers File Form 765

Partnerships, S Corporations and limited liability companies may file, on behalf of their nonresident partners, shareholders, or members, a **unified return (Form 765)** thereby relieving these persons of the responsibility of filing a Virginia nonresident individual return. An owner of a pass-through entity may also need to file a nonresident return (Form 763) to report Virginia source income that was not included on a Form 765. Income reported on a unified return would be subtracted on the Form 763 using Code 50 (Pass-Through Entity Income) on Lines 6b - 6d of the Schedule 763 ADJ.

### Other Frequently Used Virginia Forms

**Schedule 763 ADJ** - Required for:

- additions to Federal Adjusted Gross Income
- subtractions from Federal Adjusted Gross Income

## WHEN TO FILE

### Calendar Year Filers - May 2, 2011

File by May 2, 2011, if you are a calendar year filer.

When filing by mail, the envelope must be postmarked by the due date. Put the correct postage on your envelope. If your return is sent back to you because of insufficient postage, you are liable for the penalties and interest if the postmark on the remailed return is after the due date.

If the due date falls on a Saturday, Sunday or legal holiday, you may file your return on the next day that is not a Saturday, Sunday or legal holiday.

### Fiscal Year Filers

If your taxable year is not January 1 through December 31, your return must be postmarked by the 15th day of the fourth month following the close of your fiscal year.

When filing, you should write "FISCAL YEAR FILER" across the top of Page 1 of Form 763 and attach a statement indicating the beginning and ending months of your 12-month fiscal year. If you file after the due date or do not pay the full amount due by the due date, you may have to pay penalties and interest.

### Overseas Rule

If you are living or traveling outside the United States and Puerto Rico (including serving in the military or naval service), you must file your return by **July 1, 2011**. Be sure to check the appropriate box in the check applicable boxes section.

**Members of the Military** - Members of the Armed Forces serving in a combat zone receive either the same individual income tax filing and payment extensions as those granted to them by the IRS, plus an additional fifteen days, or a one-year extension, whichever date is later. All extensions also apply to spouses of military personnel. Service families may wish, however, to file their individual income tax returns before the extended deadlines to receive refunds. Service members who claim this extension should write "Combat Zone" on the top of tax returns, as well as any notice issued by the Virginia Department of Taxation to combat zone personnel regarding tax collection or examination, and on the outside of the return envelopes used to mail the return. More information can be obtained from Tax Bulletin 05-5 on the website at [www.policylibrary.tax.virginia.gov/OTP/policy.nsf](http://www.policylibrary.tax.virginia.gov/OTP/policy.nsf). Go to the Tax Bulletin section and select VTB 05-5 (PD 05-67) from the list of 2005 tax bulletins.

In addition, every member of the armed services deployed outside of the United States is allowed an extension of his or her due date. The extension will expire 90 days following the completion of deployment. Service members who claim this extension should write "Overseas Noncombat" on the top of their tax returns.

## Extension Requests

**Extension Provisions:** Virginia law provides an automatic six-month filing extension for income tax returns. No application for extension is required. The extension is for filing the return, not for payment of the tax; therefore, you must pay at least 90 percent of your tax by the due date, May 2 for calendar year filers. To make a payment of tentative tax, use Form 760IP.

If you file your return within six months after the due date but do not meet the 90 percent payment requirement, an extension penalty of two percent per month will apply to the balance of tax due with your return from the due date through the date your return is filed, to a maximum of 12 percent of the tax due. Interest will also be accrued on any balance of tax due with a return filed within the extension period, regardless of whether the 90 percent payment requirement is met.

If you file your return within six months after the due date but do not pay the tax due at the time of filing, the unpaid balance will be subject to a late payment penalty of six percent per month from the date of filing through the date of payment, to a maximum of 30 percent. The late payment penalty will be assessed in addition to any extension penalty that may apply. The automatic extension provisions apply only to returns that are filed within six months from the due date. If you file your return more than six months after the due date, a late filing penalty of 30 percent will apply to the balance of tax due with your return.

## Refund Returns

You do not need to file Form 760IP if you cannot file by the due date and you are certain that your return will result in a refund. This is because the late filing penalty is not assessed on refund returns. To receive a refund, however, you must file within three years of the due date.

## Foreign Income Exclusion

If you qualify for the federal foreign income exclusion and have requested an extension of time for filing your federal return, you may apply for an extension of time to file your state return. You will be granted an extension for thirty days after the date you expect to qualify for the exclusion. You must apply by letter on or before the first day of the seventh month following the close of your taxable year and attach a copy of the approved federal extension to your return when you file.

## DEBT COLLECTION ACT

Before issuing any refunds, Virginia law requires us to check for any outstanding debt with agencies of the Commonwealth of Virginia, Virginia local governments and the Virginia court system. If any such debt is found, regardless of the type of tax return filed, all or part of your refund may be withheld to help satisfy the debt and processing of your return will be delayed.

When attaching form VK-1, fold in half and attach to front of return.

---

## FILING STATUS

Check the box beside your filing status

### Single (Filing Status 1)

Use this filing status if you claimed one of the following federal filing statuses on your federal return: Single, Head of Household, or Qualifying Widow(er). If you claimed the Head of Household filing status on your federal return, check the "Single" filing status box and the "Head of Household" box.

### Married, Filing Joint Return (Filing Status 2)

**BOTH** spouses must have Virginia source income.

You and your spouse may choose to file a joint return if both have Virginia Source Income and

- you computed your federal income tax liabilities together on a joint federal return; or
- neither of you was required to file a federal return.

When using Filing Status 2 or 3 on Form 763, your spouse's exemption is included in the "You" column. Do not claim your spouse as a dependent.

### Married, Spouse Has No Income from Any Source (Filing Status 3)

Husband and wife may elect to file under this status if

- federal income tax liabilities are determined on a joint federal return; or
- neither files a federal return; or
- one spouse files a separate return and the other spouse has no gross income and was not a dependent of another taxpayer. (Note that in this case, the standard deduction is limited to \$3,000.)

Also enter your spouse's name on the line provided.

### Married, Filing Separate Returns (Filing Status 4)

A separate return must be filed if one of the following applies:

- both husband and wife are nonresidents and both have income from Virginia sources but do not elect to file jointly;
- both husband and wife are nonresidents and both have income but only one has income from Virginia sources; or
- one is a resident and the other is a nonresident with income from Virginia sources and they do not elect to file a joint resident return.

A spouse may claim only those personal exemptions, itemized deductions and other deductions that could have been claimed had a separate federal return been completed.

Where deductions and personal exemptions cannot be accounted for separately, they must be proportionately allocated between each spouse based on the income attributable to each. For example, if you file a joint federal return, one of you is a nonresident and you are unable to account separately for the child and dependent care deduction, that deduction must be proportionately allocated between each spouse based on the income attributable to each. One spouse may never claim less than a whole personal exemption. Even in the case where a husband and wife have equal income and one child, only one spouse may claim that child.

Also, enter the spouse's name on the line provided.

---

## EXEMPTIONS

Enter the number of exemptions allowed in the appropriate boxes. The first exemption box has been completed for you.

### Section 1

#### Dependents

Generally, you may claim the same number of dependent exemptions allowed on your federal return. If using Filing Status 3 or 4, see the Filing Status instructions in the previous section for the rules on claiming dependents. You may never claim less than a whole exemption. The same dependent may not be claimed on separate returns.

Multiply the sum of the exemptions claimed in the "You" and "Dependents" boxes by \$930.

## Section 2 65 or Over

To qualify for the additional personal exemption for age 65 or over, you must have been age 65 or over on or before January 1, 2011.

### Blind

To qualify for the additional personal exemption for the blind, you must have been considered blind for federal income tax purposes. Multiply the sum of exemptions claimed for “65 or over” and “Blind” by \$800.

### Exemption Amount

Add the dollar amount from “Total Section 1” box to the dollar amount from “Total Section 2” box. Enter this amount on Line 13.

### HOW TO ENTER NUMBERS

**Round to Whole Dollars:** To improve accuracy of return preparation and speed the processing of your return, all amount entries on your return must be rounded to the nearest dollar. Amounts less than 50 cents are to be rounded down while all amount 50 cents - 99 cents are to be rounded up.

**Negative Numbers:** Enter negative numbers (less than 0) in brackets. For example, if your federal adjusted gross income was negative 12,000 enter this as [12,000].

### Line 1 - Adjusted Gross Income

Enter the total amount of your federal adjusted gross income from your federal income tax return. **Do not enter your federal taxable income.**

Where husband and wife have filed a joint return for federal income tax purposes and have not elected to file a joint Virginia income tax return, such items allowable for Virginia income tax purposes must be allocated and adjusted as follows:

- Each spouse must claim his or her income. Income must be allocated to the spouse who earned the income and with respect to whose property the income is attributable.
- Allowable adjustments to federal gross income with respect to trade, business, production of income or employment must be allocated to the spouse to whom they relate.

### Line 2 - Additions from Schedule 763 ADJ

Complete Schedule 763 ADJ, Lines 1 through 3 and enter the amount from Line 3.

### Line 3 - Total

Add Lines 1 and 2 and enter the total.

### Line 4 - Age Deduction

#### Are you eligible to claim an age deduction?

If claiming an Age Deduction, see the Age Deduction instructions and complete the Age Deduction Worksheet on page 10 in order to calculate the Qualifying Age Deduction.

For 2010, taxpayers born on or before January 1, 1946, may qualify to claim an age deduction based on birth date, filing status and income. A taxpayer who qualifies to claim an age deduction may **NOT** also claim either of the following:

- **Disability Subtraction (Schedule 763 ADJ, Line 5)**

If you qualify to claim an age deduction, you may not also claim a disability subtraction. For married taxpayers, each spouse, if eligible, may claim either an age deduction or a disability subtraction.

You should claim the deduction or subtraction that gives you the greatest tax benefit.

- **Credit for Low Income Individuals or Virginia Earned Income Credit**

You may not claim both an age deduction and a credit for low income or Virginia Earned Income Credit. For married taxpayers filing separate returns, if one spouse claimed a credit for low income, then neither spouse can claim an age deduction.

If you, or your spouse if you are married, are not claiming a disability subtraction or a credit for low income and your birth date is on or before January 1, 1946, please read the information below to determine if you qualify for an age deduction and how to determine the amount of the age deduction you may claim for 2010.

### Enter Birth Date

- For Filing Status 1, enter your birth date in 4a.
- For Filing Status 2, 3 and 4, enter your birth date in 4a and your spouse’s birth date in 4b. Both birth dates are required even if only one qualifies for an age deduction.

### Notice to ALL Married Taxpayers

A married taxpayer’s **income based age deduction** is **always** determined using the married taxpayers’ **joint adjusted federal adjusted gross income** or “AFAGI”. Regardless of whether you are filing jointly or separately, if you are married, your income based age deduction is determined using both your and your spouse’s income.

In addition, if both spouses are claiming an **income based age deduction**, regardless of whether filing jointly or separately, the married taxpayers must compute a joint age deduction first and then the joint age deduction is allocated to each taxpayer.

### Taxpayers Age 65 and Older

If you, or your spouse if you are married, were **born on or before January 1, 1946**, you may qualify to claim an age deduction of up to \$12,000 each for 2010.

The age deduction you may claim will depend upon your birth date, filing status, and income.

If your birth date is:

- **On or before January 1, 1939**

Your age deduction is not income based. You may claim an age deduction of \$12,000. If you are married, each spouse born on or before January 1, 1939, may claim a \$12,000 age deduction. For a spouse born after January 1, 1939, the age deduction for that spouse is based on the criteria below.

- **On and after January 2, 1939**

Your age deduction is based on your income. A taxpayer’s income, for purposes of determining an **income based age deduction**, is the taxpayer’s *adjusted federal adjusted gross income* or “AFAGI”.

A taxpayer’s AFAGI is the taxpayer’s federal adjusted gross income, modified for any fixed date conformity adjustments, minus taxable Social Security and Tier 1 Railroad benefits.

### Line 5 - Social Security and Equivalent Tier 1 Railroad Retirement Act Benefits

Enter the amount of Title II Social Security Act Benefits and equivalent Tier 1 Railroad Retirement Act Benefits included in adjusted gross income on your federal income tax return due to Section 86 of the Internal Revenue Code. This is the amount reported as taxable social security benefits on your federal return.

**Line 6 - State Income Tax Refund or Overpayment Credit**

Enter the State Income Tax refund that you reported as income on your Federal Return. State, local or foreign income taxes withheld from your salary, estimated tax payments or payments made on tax for a prior year to such taxing authority may be deducted on your federal return for the year withheld or paid. The federal deduction is for the amount paid rather than the tax liability, so a refund or credit is generally treated as taxable income (a recovery of an excessive deduction) on the federal return. Since Virginia does not allow the state and local income tax deduction, a federally taxable refund or overpayment credit is to be subtracted from federal adjusted gross income on the Virginia return.

**Line 7- Subtractions from Schedule 763 ADJ**

Complete Schedule 763 ADJ, Lines 4 through 7, and enter the amount from Line 7.

**Line 8 - Subtotal**

Add Lines 4a, 4b, 5, 6 and 7 and enter the total.

**Line 9 - Virginia Adjusted Gross Income**

Subtract Line 8 from Line 3 and enter the result.

You are not required to file an individual income tax return if:

- you are single (Filing Status 1) and Line 9 is less than \$11,650;
- you are married, filing a joint return (Filing Status 2) and Line 9 is less than \$23,300; or
- you are married and your spouse has no income from any source (Filing Status 3) or you are married filing a separate return from your spouse (Filing Status 4) and Line 9 is less than \$11,650.

The filing threshold amount for a dependent (regardless of age) is the same as for any other individual (even if the dependent’s standard deduction would be limited on Line 12).

If you are not required to file a return but had income tax withheld or made estimated income tax payments, take the following steps to claim your full refund:

- skip to Line 19 and enter “0” as your tax (because your income is below the filing threshold).
- complete Lines 20a through Line 33. You are entitled to a full refund.

If you are required to file a return, continue to Line 12.

## Dependent's Limited Standard Deduction

If you could be claimed as a dependent on the federal income tax return of another taxpayer, your allowable standard deduction may not exceed the amount of your earned income. This rule applies to dependents of all ages, including children under age 19 and full-time students under 24 years old who are eligible to be claimed as a dependent on their parent's return.

**Remember to check the box on the front of Form 763 if you can be claimed as a dependent on another's return.**

Your maximum standard deduction for Line 10 is the *lesser* of EARNED INCOME; or

1. \$3,000 if you are single (Filing Status 1)
2. \$6,000 if you are married and file a joint return (Filing Status 2)
3. \$3,000 if you are filing a separate return from your spouse (Filing Status 3 or 4).

**Example:** A person claimed as a dependent on another taxpayer's return has \$4,200 interest from a bank account (unearned income) and \$1,200 from a summer job (earned income). The standard deduction is \$1,200 (the lesser of earned income or \$3,000). If this dependent had earned income of \$3,200 from the summer job, the full standard deduction of \$3,000 would be allowed. All dependents are subject to the limitation. This includes children under age 19 and full-time students under the age of 24 who are eligible to be claimed as dependents on their parents' returns. Remember to check the box on page 1 of the Form 763 if you can be claimed as a dependent on someone else's return and had unearned income. NOTE: The return of a taxpayer claiming a child (or other person) as a dependent is not affected if the child is required to claim a limited standard deduction.

Add the dollar amount from Exemption Section 1 to the dollar amount from Exemption Section 2.

**Withholding Forms:** To receive credit for withholding, you must attach withholding statements (Forms W-2, W-2G, 1099 and VK-1) to your return. Make sure these withholding forms are easy to read and indicate the same amount(s) of withholding as you claim. Also, these statements must show the correct social security numbers and that the withholding was paid to Virginia. Staple these forms to the middle of the left margin on front of your Form 763. If you need a corrected Form W-2, 1099 or VK-1, you must contact the issuer of that form.

## Line 22 - Extension Payments

Enter the total tentative tax payment made with Form 760IP.

## Line 23 - Tax Credit for Low Income Individuals or Virginia Earned Income Credit

If your total family income does not exceed the federal poverty guidelines or you claimed the federal earned income credit, you may be eligible to claim the credit for low income individuals or the Virginia Earned Income Credit. Individuals who are dependents on another taxpayer's return are not eligible for either credit.

**These credits may not be claimed if you, your spouse, or any dependent claims any of the following:**

- Virginia National Guard Subtraction
- Military pay subtraction (first \$15,000)
- Subtraction for first \$15,000 for state and federal employees whose annual salary is \$15,000 or less
- Exemption for taxpayers who are blind or age 65 and over
- Age Deduction
- You are claimed as a dependent on another taxpayer's return

If you are eligible, calculate these credits by completing Schedule 763 ADJ, Lines 10 through 17. Enter the credit amount from Line 17 of Schedule 763 ADJ on Line 23 of Form 763. See instructions for Schedule 763 ADJ starting on Page 14.

## Line 24 - Credit for Tax Paid to Another State

Generally, Virginia will not allow taxpayers filing nonresident individual income tax returns to claim credit for income tax paid to another state. The only exception to the above rule involves income taxes paid to the following states:

- Arizona
- District of Columbia
- California
- Oregon

If you are a resident of one of the above states and have Virginia Source income as a "nonresident" and the income is taxed by both

Virginia and the other state, you are eligible for this credit.

After you have completed Schedule OSC, enter on Line 24 the credit amount from Schedule OSC. See instructions for Schedule OSC starting on Page 26.

### Line 25 - Credits from Schedule CR

Complete **Schedule CR** and attach it to your return to claim the following tax credits. For some credits, other Virginia forms are also required. To obtain Schedule CR, Schedule CR Instructions and these other credit forms, see Page 2, Where to Get Forms.

**If you are only claiming a Political Contributions Credit**, enter the amount of the credit and check the box. You do not need to attach Schedule CR. The Political Contributions Credit is available to individuals who make contributions to candidates for state or local political office. The credit is 50 percent of the amount of the contribution, subject to a \$25 limit for individuals and a \$50 limit for married taxpayers filing jointly and cannot exceed your tax liability.

For details on these credits and information on carryover and pass-through provisions, refer to Schedule CR, Schedule CR instructions and the organizations or forms specified.

Complete this table to determine the percentage of your income derived from Virginia sources. Each type of income listed is from TOTAL INCOME shown on the federal individual income tax return with the exception of Lines 12 and 13. Do not include any income that was already included on a unified return.

### Lines 1 through 13, Column A:

#### Lines 1 Through 11

For each type of income listed, enter in Column A the amount reported as income on your federal individual income tax return. NOTE: Do not reduce this income by any adjustments to income shown on your federal individual income tax return.

#### Line 12 - Interest on Obligations of Other States

Enter the amount from Schedule 763 ADJ, Line 1.

#### Line 13 - Lump-Sum Distributions/Accumulation Distributions

Enter the total lump-sum and accumulation distributions included on Line 3 of Schedule 763 ADJ.

### Lines 1 Through 13, Column B:

For each type of income listed in Column A, enter in Column B the portion of the income that is from Virginia sources. Income from Virginia sources includes:

1. Items of income gain, loss and deductions attributable to:
  - a. The ownership of any interest in real or tangible personal property in Virginia;
  - b. A business trade, profession, or occupation carried on in Virginia; and
  - c. Prizes paid by the Virginia Lottery Department, and gambling winnings from wagers placed or paid at a location in Virginia.

For example, wages from a Virginia employer or the gain on the sale of real estate in Virginia.

2. Income from intangible personal property, including annuities, dividends, interest, royalties and gains from the disposition of intangible personal property employed by an individual in a business, trade, profession or occupation carried on in this state (for example: dividend income from a Virginia S corporation).
3. Exception for Certain Nonresidents: Residents of Kentucky, Maryland, Pennsylvania, West Virginia and the District of Columbia who meet the "Exceptions for Certain Nonresidents" in these instructions are not required to file a Virginia return if their only income from Virginia sources was from salaries and wages. If these individuals have business income from Virginia sources, other than from salaries and wages, only that other business income should be entered in Column B. For most nonresidents, the income shown on Lines 2, 3 and 12, Column A, is not considered income from Virginia sources. For example, if a nonresident earned interest from a bank account or dividends from a corporation located in Virginia, that income is intangible income and therefore would generally not be entered in Column B. Virginia does not tax nonresident individuals on intangible income except as noted in number 2 above.

#### Line 14 - Total

Total Lines 1 through 13, Column A and Column B.

#### Line 15 - Nonresident Allocation Percentage

Divide Line 14, Column B, by Line 14, Column A, and report

the result as a percentage amount to one decimal place, showing no more than 100% or less than 0%. Example: 0.3163 becomes 31.6%. Enter the percentage here and on Line 17, Form 763, Page 2.

## Sign Your Return

The signature block on Form 763 is on the bottom of Page 2. *Be sure to sign and date your return. If filing jointly, both spouses must sign the return.* In so doing, you agree that filing jointly on this return makes you jointly and severally liable for the tax due and any refunds will be paid jointly.

## Tax Preparer Information

If you paid someone to prepare your return, the preparer should sign the return and provide contact information in the spaces provided.

## LINE INSTRUCTIONS FOR VIRGINIA SCHEDULE 763 ADJ

### Fixed Date Conformity Update

Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from December 31, 2008, to January 22, 2010. The 30% and 50% bonus depreciation allowance for certain assets under the IRC and the 5-year net operating loss (NOL) carry back allowed for net operating losses generated in taxable year 2008 or 2009 are still not allowed. Additional fixed date conformity adjustments may be required for Cancellation of Debt Income under IRC § 108(i), and the domestic production deductions under IRC § 199.

At the time these instructions went to print, the only required adjustments for "fixed date conformity" were those mentioned above. However, if federal legislation is enacted that results in changes to the Internal Revenue Code for the 2010 taxable year, taxpayers may be required to make adjustments to their Virginia returns that are not described in the instruction booklet. Information about any such adjustments will be posted on the Department's website at [www.tax.virginia.gov](http://www.tax.virginia.gov).

## ADDITIONS TO FEDERAL ADJUSTED GROSS INCOME

### MUTUAL FUNDS

If you received federally tax exempt interest dividends from a regulated investment company (mutual fund) that invested in obligations both taxable and exempt for Virginia purposes, the entire dividend income must be entered as an addition unless you attach a statement provided by the fund that:

- details the amount of dividends you earned; and
- summarizes the prorations between exempt and taxable dividends (monthly breakdown is preferred).

A typical situation would involve a mutual fund that invests in bonds of several states, including Virginia. The interest on the bonds issued by the other states is taxable for Virginia purposes, even though exempt for federal purposes. Unless the taxpayer is able to substantiate the amount attributable to the Virginia bonds, the total amount of dividends exempt from federal taxation will be an addition on the Virginia return.

#### Line 1 - Interest on Obligations of Other States

Enter the interest not included in federal adjusted gross income, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such state unless created by compact or agreement to which this state is a party.

For example, on your 2010 Virginia return you may deduct the portion of such payments received in 2009 that is included in your 2009 federal adjusted gross income; while payments received in 2010 may generate a deduction on your 2011 Virginia return. Individuals cannot claim a deduction for a payment that has

been, or will be, subtracted by a corporation unless the deduction is shown on a Virginia Schedule VK-1 you received from an S Corporation. If you chose to accept payment in installments, the gain from the installment received in the preceding year may be deducted. If, however, you opted to receive a single payment, 10% of the gain recognized for federal purposes in the year that the payment was received may be deducted in the following year and in each of the nine succeeding taxable years.

**109 Sales Tax Paid on Certain Energy Efficient Equipment or Appliances** - Allows an income tax deduction for 20% of the sales tax paid on certain energy efficient equipment or appliances, up to \$500 per year. If filing a joint return you may deduct up to \$1,000.

**110 Organ and Tissue Donor Expenses** - Allows a deduction for unreimbursed expenses that are paid by an living organ and tissue donor, that have not been taken as a medical deduction on the taxpayer's federal income tax return. The amount of the deduction is the lesser of \$5,000 or the actual amount paid by the taxpayer.

**111 Charitable Mileage** - Enter the difference between 18 cents per mile and the charitable mileage deduction per mile allowed on federal Schedule A. If you used actual expenses for the charitable mileage deduction, and those expenses were less than 18 cents per mile, then you may use the difference between actual expenses and 18 cents per mile.

**112 Bank Franchise Subchapter S Corporation** - Certain shareholders of small businesses corporations subject to bank franchise tax may be able to deduct the gain or add the loss of the S Corporation. Complete the worksheet below to determine the amount of your adjustment.

- a. If your allocable share of the income or gain of the S Corporation was included in federal adjusted gross income, enter the amount here. ....\$ \_\_\_\_\_
- b. If your allocable share of the losses or deductions of the S Corporation was included in federal adjusted gross income, enter the amount here .....\$ \_\_\_\_\_
- c. Enter the value of any distributions paid or distributed to you by the S Corporation to the extent that such distributions were excluded from federal adjusted gross income. ....\$ \_\_\_\_\_
- d. Add Line b and Line c.....\$ \_\_\_\_\_
- e. Subtract Line d from Line a. This is your net deduction amount. If this amount is negative, you must enter the amount on Schedule 763 ADJ, Line 8a and use brackets to indicate a loss.....\$ \_\_\_\_\_

**113 Income from Dealer Disposition of Property** - Allows an adjustment for certain income from dealer dispositions of property made on or after January 1, 2009. In the year of disposition the adjustment will be a deduction for gain attributable to installment payments to be made in future taxable years provided that (i) the gain arises from an installment sale for which federal law does not permit the dealer to elect installment reporting of income, and (ii) the dealer elects installment treatment of the income for Virginia purposes on or before the due date prescribed by law for filing the taxpayer's income tax return. In subsequent taxable years the adjustment will be an addition for gain attributable to any payments made during the taxable year with respect to the disposition. Each disposition must be tracked separately for purposes of this adjustment.

**Line 9 - Total Deductions**

Add Lines 8a through 8c and enter on Line 9 and on Form 763, Line 14.

**COMPUTATION FOR TAX CREDIT FOR LOW INCOME INDIVIDUALS OR VIRGINIA EARNED INCOME TAX CREDIT**

You may be eligible to claim a Tax Credit for Low Income Individuals if your family Virginia adjusted gross income (VAGI) is equal to or less than the federal poverty guidelines and you meet the Eligibility Requirements. You are eligible for the Virginia Earned Income Tax Credit (EITC) if you claimed an earned income tax credit (EITC) on your federal return. Claim the credit that benefits you most. You cannot claim both credits, however. Please complete the entire section.

The tax credit for low income or Virginia earned income tax credit (EITC) **may NOT be claimed** if you, your spouse, or any dependent claims any of the following:

- Virginia National Guard subtraction (Subtraction Code 28);
- Basic Military Pay subtraction (Subtraction Code 38);
- Federal and State employees subtraction for earnings of \$15,000 or less (Subtraction Code 39);
- Exemption for blind taxpayers or taxpayers age 65 and over;
- the Age Deduction; or
- You are claimed as a dependent on another taxpayer's return.

To compute total annual family income you must compute the "Guideline Income" for each family member and add those amounts together.

Guideline Income is defined as federal adjusted gross income modified by the Virginia additions and qualifying Virginia subtractions that apply to full year residents.

After the worksheet has been filled in for each person on your tax return, complete Schedule 763 ADJ, Lines 10-17.

**If you and your spouse file separate returns, only one spouse may claim the credit for low income, but both may claim their proportionate share of the Virginia Earned Income Tax Credit.**

**Guideline Income Worksheet**

**Line 10 - Compute your Family VAGI**

If more room is needed, attach a schedule with the name, SSN and Guideline Income for each additional dependent.

**Your Information**

Enter your name, social security number and Guideline Income. Filing Statuses 2, 3 and 4 must also complete spouse information.

**Your Spouse's Information**

Enter your spouse's name, social security number and Guideline Income.

**All married** taxpayers, regardless of filing jointly or separately, must complete this line.

**Dependent(s) Information**

Enter the name and social security number for each dependent claimed as an exemption on your return and, if any of your dependents had income, enter the Guideline Income for each dependent.

For Filing Status 3 (Married Filing Separately), also enter the name and social security number of your dependents not claimed as an exemption on your return and, if any of the dependents had income, enter the Guideline Income for each dependent.

**Enter Total Family Guideline Income**

Total the Guideline Income Worksheet for each family member (each exemption reported and from any additional schedule attached).

**Line 11 - Enter Total Number of Exemptions Listed in Lines 10 and on Any Attached Schedule.**

Enter the total number of exemptions listed on Line 10 and on any attached schedule.

**Determine Eligibility for Credit for Low Income Individuals**

Using the number on Line 11 as Eligible Exemptions, compare the dollar amount on Line 10 to the Poverty Guideline below. If Line 10 amount is greater than the Guideline, you do not qualify for the credit for low income individuals, Continue to Line 14.

**Poverty Guideline Table**

| Eligible Exemptions | Poverty Guideline | Eligible Exemptions | Poverty Guideline |
|---------------------|-------------------|---------------------|-------------------|
| 1                   | \$10,830          | 5                   | \$25,790          |
| 2                   | 14,570            | 6                   | 29,530            |
| 3                   | 18,310            | 7                   | 33,270            |
| 4                   | 22,050            | 8*                  | 37,010            |

\*For each additional exemption add \$3,740.

**Line 12- Exemptions**

If you are eligible based on the table above, enter the number of personal exemptions from Form 763.

**Line 13 - Multiply**

Multiply the number of exemptions reported on Line 12 by \$300. If you do not qualify for the Tax Credit for Low Income Individuals

but claimed an Earned Income Tax Credit (EITC) on your federal return, enter \$0 on Line 13 and proceed to Line 14.

#### **Line 14**

Enter the amount of Earned Income Tax Credit (EITC) claimed on your federal return. If you did not claim an Earned Income Tax Credit (ETIC) on your federal return, enter \$0.

When a taxpayer using the married filing separately status computes the Virginia EITC, the taxpayer must first determine his proportion of the earned income that was used to qualify for the federal EITC. That proportion must then be multiplied by the total Virginia EITC, which is 20% of the federal EITC. The spouse may then claim his proportional share of the credit on his separate return.

#### **Line 15**

Multiply Line 14 by 20% (.20).

#### **Line 16**

Enter the greater of Line 13 or Line 15.

#### **Line 17 - Credit**

Compare the amount of tax on Form 763, Line 19, to the amount on Schedule 763 ADJ, Line 16. Enter the lower amount on Line 17. This is your Tax Credit for Low Income Individuals. Also, enter this amount on Form 763, Line 23.

The credit for low income is a nonrefundable credit. A nonrefundable credit cannot exceed your tax liability. If you claim any credits on Form 763, Line 24 or Line 25, in addition to the low income credit, the sum of all nonrefundable credit claimed cannot exceed your tax liability on Line 19 of Form 763.

*Many low income individuals who work and have earned income under \$48,362 may also qualify for up to \$5,666 in Federal Earned Income Credit when filing their federal tax return! See your federal instructions or call 1-800-829-3676 to order Pub 596*

## **ADJUSTMENTS AND VOLUNTARY CONTRIBUTIONS**

---

### **Addition to Tax for Underpayment of Tax**

Even if your return results in a refund, you may owe an “addition to tax” for underpaying your withholding or estimated tax. Virginia law requires that you pay your income tax in timely installments throughout the year by having income tax withheld or making payments of estimated tax. If you do not pay at least 90% of your tax in this manner, you may be charged an addition to tax.

There are four (quarterly) installment periods for determining whether you underpaid your tax for the year. If your taxable year is from January 1 through December 31, your quarterly payments are due May 1, June 15, September 15, and January 15 (of the following year). Underpayments are determined as of each installment due date, so an overpayment in one quarter cannot cancel out an underpayment for a previous quarter. The addition to tax does not apply if each payment is made on time and:

- the total tax paid through withholding and timely estimated tax payments is at least 90% (66 2/3% for farmers, fishermen or merchant seamen) of the current year’s tax liability (after nonrefundable credits) or 100% of last year’s tax liability (after nonrefundable credits);
- the sum of the quarterly underpayments for the year is \$150 or less; or
- you meet one of the exceptions computed on Form 760C or Form 760F.

### **Line 18- Addition To Tax**

Enter the amount of the addition to tax computed on Form 760C (for individuals, estates and trusts) or Form 760F (for farmers, fishermen or merchant seamen). If you underpaid your estimated income tax or had insufficient income tax withheld for the taxable year, you may owe the “addition to tax” computed on Form 760C or Form 760F.

### **Line 19- Penalty**

If you file your return after May 2, 2011, you may owe either a late filing penalty or an extension penalty.

#### **Late Filing Penalty**

If you file your return more than six months after the due date, no extension provisions apply, and you must compute a late filing penalty of 30 percent of the tax due with your return.

#### **Extension Penalty**

If you file your return by the extended due date and the tax due is greater than ten percent of your total tax liability, you will owe an extension penalty. The penalty is two percent per month or part of a month from the original due date of the return until the date of filing. The extension penalty cannot exceed twelve percent of the tax due.

#### **Late Payment Penalty**

If you file your return before the due date or within six months after the due date but do not pay the tax due at the time of filing, the unpaid balance will be subject to a late payment penalty of six percent per month from the date of filing through the date of payment, to a maximum of 30 percent. The late payment penalty will be assessed in addition to any extension penalty that may apply. The automatic extension provisions apply only to returns that are filed within six months from the due date. If you file your return more than six months after the due date, a late filing penalty of 30 percent will apply to the balance of tax due with your return.

**NOTE:** If you file your return after the extended due date, your extension will be void and you will owe the late filing penalty. If you file your return by the extended due date, but do not pay the tax in full, a late payment penalty will accrue on the balance of tax due. Interest accrues on **any** balance of tax owed with a return filed on extension, regardless of whether the balance exceeds ten percent of the tax.

### **Line 20 - Interest**

If you filed a tax due return after the filing date, even if you had an extension, you are liable for interest on the tax due amount on Form 763, Line 27, from the due date to the date filed or postmarked. To obtain the daily interest factor, please call **(804) 367-8031** or contact your locality.

### **Line 21- Consumer’s Use Tax**

You will need to pay Consumer’s Use Tax if, during the year, you purchased:

- merchandise by telephone, internet, or television and no sales tax was charged
- merchandise while outside of Virginia and paid no sales tax
- more than \$100 in merchandise by mail and no sales tax was charged

The consumer’s use tax is based on what you paid for the item (“cost price”). “Cost price” does not include separately stated shipping or delivery charges, but it does include a “shipping and handling” charge if listed as a combined item on the sales invoice. If the purchases were from out-of-state mail order catalog(s) and

exceed \$100 or any amount from other sources, then you must report this and pay consumer's use tax on the **TOTAL** amount of *untaxed* purchases from **all** sources *during the calendar year*. Nonprescription drugs and proprietary medicines purchased for the cure, mitigation, treatment or prevention of diseases in human beings are exempt from the consumer's use tax.

The tax is 5% of the total cost price except for food purchased for home consumption. The tax rate on these food purchases is 2.5%.

You may enter the amount of the Consumer's Use Tax you owe on Schedule 763 ADJ, Line 21 or file **Form CU-7** to pay the Consumer's Use Tax. If you enter your Consumer's Use Tax amount on your Schedule 763 ADJ, do not file Form CU-7.

## LINE INSTRUCTIONS FOR SCHEDULE OSC

### CREDIT FOR PAID TO ANOTHER STATE

Generally, Virginia will not allow taxpayers filing nonresident individual income tax returns to claim credit for income tax paid to another state. The only exception to the above rule involves income taxes paid to the following states:

- Arizona
- District of Columbia
- California
- Oregon

If you are a resident of one of the above states and have Virginia Source income as a “nonresident” and the income is taxed by both Virginia and the other state, you are eligible for this credit.

Attach a complete copy of the state tax return filed in the state for which you claim the credit. Copies of Forms W-2, W-2G, 1099 or VK-1 are not sufficient to verify payment of the tax to the other state.

**Line 1-** Filing Status. Enter the number listed below to identify the filing status claimed on the other state’s tax return.

1. Single
2. Married Filing Jointly
3. Married Filing Separately
4. Other

**Line 2-** Claiming Credit. Enter the number listed below to identify the person claiming the credit.

1. You
2. Spouse
3. You and Spouse

**Line 3-** Qualifying Taxable Income. Enter the total taxable income from all of the following categories that apply to you to the extent that this income was taxed by the other state:

- Earned or business income derived from sources within Virginia, which is subject to tax by Virginia as well as another state;
- Any gain, provided such gain is included in federal adjusted gross income, on the sale of a capital asset located in Virginia, which is subject to tax by Virginia as well as another state.

In some states, the tax is computed on total taxable income (from all sources) and then reduced by an allocation percentage. In these cases, you must multiply the total taxable income shown on the other state’s return by the allocation percentage to determine the amount of income to enter on this line.

**Line 4-** Virginia Taxable Income. Enter the amount of Virginia nonresident taxable income from Line 18 of Virginia Form 763. If you filed separately in the other state, but are filing jointly in Virginia, enter only the Virginia taxable income attributable to the filer whose income was taxed by the other state.

**Line 5-** Qualifying Tax Liability. Enter the amount of tax liability reflected on the return you filed with the other state.

**Line 6-** Identify the State. Enter the 2 character postal abbreviation for the other state.

**Line 7-** Virginia Income Tax. Enter the amount of Virginia income tax from Line 19 of Virginia Form 763. If you filed jointly in the other state, but are filing separately in Virginia, enter the Virginia income tax due on the amount of Virginia Taxable Income reported on Line 19. Use the tax tables or the tax rate schedule to determine the amount of tax.

**Line 8-** Income Percentage. Divide Line 4 by Line 3 Virginia Taxable income by the Qualifying Taxable Income. Compute the percentage one decimal place. The income percentage cannot exceed 100%.

**Line 9-** Virginia Ratio. Multiply Line 5 the amount of Qualifying Tax Liability by Line 8 the Income Percentage.

**Line 10-** Credit. Enter the lesser of Line 7 or Line 9 on Line 10. Enter the total credit claimed on Line 24 of Form 763.

If claiming more than one credit, continue to Line 11 of Schedule OSC and enter the total of all credits for taxes paid to other states on Line 21 and on Form 763, Line 24.

Note: The sum of all nonrefundable credits claimed cannot exceed your tax liability as shown on Line 19 of Form 763. Nonrefundable credits include the Tax Credit for Low Income and Credit for Tax Paid to Another State.

# TAX RATE SCHEDULE

## IF YOUR VIRGINIA TAXABLE INCOME IS:

**Not over \$3,000, your tax is 2% of your Virginia taxable income.**

|  |  |  |   |
|--|--|--|---|
| over—<br><b>\$ 3,000</b><br><br><b>\$ 5,000</b><br><br><b>\$17,000</b> | but not<br>over—<br><b>\$ 5,000</b><br><br><b>\$17,000</b> | your tax<br>is—<br><b>\$ 60 + 3 %</b><br><br><b>\$ 120 + 5 %</b><br><br><b>\$ 720 + 5.75 %</b> | of excess<br>over—<br><b>\$ 3,000</b><br><br><b>\$ 5,000</b><br><br><b>\$17,000</b> |
|--|--|--|---|

### Example

If your taxable income is \$90,000, your tax is \$720 + 5.75% of the amount over \$17,000.  
 This equals  $\$720 + (.0575 \times \$73,000) = \$720 + \$4,197.50 = \$4,917.50$  which should be rounded to  
**\$4,918.**
