FORM 301 INSTRUCTIONS — STATE BANK FRANCHISE TAX

GENERAL INFORMATION: Enter the zone location code in the box located at the top of the form.

This code number can be obtained from the Certificate of Qualification issued by the Department of Housing and Community Development.

The following rules apply when computing tax credits:

- A credit may only be claimed against the state Bank Franchise Tax due on Line 18 of Form 64.
- Tax credits should be claimed in the order in which they provide the maximum benefit, regardless of the order shown on the return.
- Claim only as much credit as can be used to offset tax liability and keep accurate records of the carryover available for each credit.

LINE BY LINE INSTRUCTIONS:

- (1) Enter the net taxable capital. This is the total taxable capital from Line 15 of Form 64.
- (2) Enter the local taxable capital. Generally, local taxable capital is 80% of Line 15, Form 64. However, capital not assignable to a Virginia locality is considered state taxable capital.
- (3) Enter the state taxable capital. This is the net taxable capital (Line 1) less local taxable capital (Line 2).
- (4) Enter the percentage of business done within the zone. A bank having net taxable capital arising from business locations (branches) both inside and outside of an enterprise zone shall compute the percentage of deposits attributable to the branch or branches in the zone to the deposits attributable to all branches in Virginia.
- (5) Multiply Line 3 by the percentage on Line 4 to determine the capital attributable to enterprise zone activity.
- (6) Enter \$1.00 per \$100.00 of the amount on Line 5. New banks which have not been in business for a full year before the January 1 date for valuing capital, must use the prorated rate.
