

Attention: All corporation estimated income tax payments must now be made electronically. Use these vouchers only if you have an approved waiver.

General Information

Every corporation subject to state income taxation must make a declaration of estimated income tax for the taxable year if the corporation's state income tax for the same period, reduced by the allowable tax credits, can be expected to exceed \$1,000.

Corporation Electronic Filing Requirement

All corporations are required to file their annual income tax returns and make all payments electronically. If you are unable to file and pay electronically you may request a waiver. You can obtain the waiver request form at www.tax.virginia.gov or by calling (804) 440-2541.

How to Make Estimated Tax Payments Electronically

The Department provides two secure online options for submitting estimated payments: **eForms** and **Business iFile**. Payments are made by Debit EFT and you may schedule your payment for a future date.

A corporation may also make its estimated tax payments using an ACH Credit transaction through its bank. Some banks may charge a fee for this service. An **Electronic Payment Guide** is available on the Department's website with information on how to submit ACH Credit payments to the Department.

How to Make Estimated Tax Payments by Mail

If you have an approved waiver from the electronic payment requirement, use these vouchers to make your declaration. Make check or money order payable to: Virginia Department of Taxation. Send the completed voucher and payment to:

Department of Taxation
PO Box 1500
Richmond, VA 23218-1500

When to File and Pay

Taxpayers filing on a fiscal year or calendar year basis should follow the declaration and payment schedule in the table shown below. Vouchers are to be filed in numerical order beginning with Voucher 1 for the 1st quarter, Voucher 2 for the 2nd quarter, and so forth.

Short Taxable Year

A declaration of estimated income tax is not required for a period of less than twelve months, if:

- the period is less than four months; or
- the filing requirements are first met after the first day of the last month in the short taxable year.

Compute taxable income for the short taxable period on an annual basis by multiplying the income amount by twelve and dividing the result by the number of months in the short period. Refer to the table shown below to determine the date the declaration is to be filed and the number and the dollar amount of installments to be paid. You are not required to annualize your income if the short taxable year does not change your accounting period.

Consolidated or Combined Estimated Tax

An affiliated group filing a consolidated or combined return shall file a declaration of estimated tax on the same basis as a corporation for each taxable year. A consolidated or combined return shall be considered the return of a single taxpayer for the purpose of *Va. Code* §§ 58.1-500 through 58.1-504.

Failure to Pay

Underpayment of estimated income tax payments will result in an addition to the tax from the due date of the installment until paid, or until the due date for filing the return, whichever is earlier. If the corporation has an underpayment of estimated tax and believes an addition to the tax should not be assessed, Form 500C, Corporation Underpayment of Estimated Tax, must be attached to the corporation's income tax return along with supporting schedules which document the applicable exception (included in *Va. Code* § 58.1-504 (D)).
